## Tour By Day

DAY  
1

### Welcome to Mallorca

Your guides will meet you at one of our recommended pre-night hotels, and we're off to our home for the next two nights: a Mallorcan manor that's been transformed into an elegant boutique hotel. During our warm-up ride, pedal through Mallorca's heartland peppered with vineyards, olive groves, and ancient towns. If you're ready to hit the ground running, conquer a climb to the sanctuary of Our Lady of Cura, the highest point in central Mallorca and a bygone place of sacred pilgrimage—today, it's practically a pilgrimage for cyclists seeking a challenge (and some outstanding views from the summit). Back at Finca Serena, enjoy a light lunch on the terrace overlooking the countryside. Spend the afternoon by the pool or explore the vineyards, pine forests, and garden on the hotel grounds. Tonight, we're treated to a memorable meal prepared using ingredients just picked from the chef's garden or sourced from other nearby producers.

**Meals:** Lunch / Dinner

**Destinations:** Algaida, Randa, Montuiri

**Accomplished:** 16 miles / 26 km, elevation gain: 935 feet / 285 meters

**Longer Option:** 22 miles / 36 km, elevation gain: 1,900 feet / 580 meters

DAY

### The Bay of Formentor

Today, explore the center of the island and its centuries-old towns and villages. Spin through farmlands en route to the village of Petra—birthplace of the controversial Franciscan monk Junipero Serra who later founded California's missions—and pause for refreshments in the picturesque plaza. If you wish, ride up to the Bonany Sanctuary just outside of Petra for some magnificent hilltop vistas, and continue cycling to the town of Porreres. Here, we meet organic wine producer Barbara Mesquida for a tasting, then it's a quick ride to lunch at a farm-to-table café in the main plaza of Porreres. Tonight, our hotel chef will walk us through a cooking class that relies on the fresh, fragrant produce from his organic garden.

**Meals:** Breakfast / Lunch / Dinner

**Destinations:** Petra, Porreres

**Accomplished:** 37 miles / 60 km, elevation gain: 1,561 feet / 476 meters

**Longer Option:** 41 miles / 67 km, elevation gain: 2,200 feet / 670 meters

### Ride the Tramuntana Classic (Part Uno)

Today we will ascend into the dramatic Tramuntana Mountains, where the terrain is captivatingly diverse. From rocky lunar landscapes to magnificent coastal cliffs that plunge into the azure sea, our ride reveals hand-hewn tunnels, mountain lakes, shady forests, and quaint sandstone villages. Climb the Col de Puig Major, the highest point of the week where we'll pause to absorb the views of the valley below before an exhilarating 14-kilometer descent into Sóller. After lunch, hop in the van or ride to Deià and our home for the next two nights, the relaxing-yet-luxurious Hotel La Residencia. Tonight we'll enjoy an exquisite dinner at the hotel's acclaimed El Olivo restaurant.

**Meals:** Breakfast / Lunch / Dinner

**Destinations:** Tramuntana Mountains, Sóller, Deià

DAY  
4

### Spinning to the Sea

Today we dial down the intensity—we'll need our energy for tomorrow's spectacular finish. Ride out from the hotel on a coastal road, then descend right into Sóller. From here, choose an easier loop through the small village of Fornalutx past citrus and olive orchards, or tackle the challenging switchbacks of the Col de Sóller, adding a 6% grade over five kilometers. We'll regroup in the charming seaside village of Port de Sóller for a delicious lunch overlooking the marina before zipping along the coast towards Deià cove, close to our hotel. This evening, your guides can recommend their favorite nearby restaurants for dinner on your own.

### Preparing for Your Tour

#### Travel Services

If you're not already working with a travel agent, DuVine can assist with the following reservations for up to three days before and after your tour. A fee of \$75 per traveler will be applied.

- Pre and post-trip hotels in major cities, in addition to the first and last on-tour hotels
- Train travel
- Private transfers

#### Travel Protection

DuVine offers a **Travel Protection Plan** to help protect your travel investment, your belongings, and most importantly, you. The offered Travel Protection Plan is non-refundable, but it is strongly recommended in the unfortunate event that you have to cancel or leave your trip.

NOTE: Plan benefits, limits, and provisions may vary by state or jurisdiction. In order to receive full benefits, Travel Protection must be purchased within 21 days of initial tour deposit. This plan is available to citizens of the U.S. and Canada only.

#### Gratuity

Gratuities for guides are much appreciated to thank them for exceptional service, support, and expertise. The industry standard is for each guest to tip 10-15% (U.S. tours and Cycle + Sail tours) or 7.5-10% (all other tours) of their trip price at the end of the tour. Unless you want to tip separately, guides will divide tips among themselves. Tips in local currency are always preferred. We recommend bringing extra cash or visiting the ATM at the beginning of your trip. For alternate methods of tipping (including Venmo, PayPal, and TransferWise), [please see our FAQs](#).

## YOUR TOUR DETAILS

### Bikes

DuVine's top-of-the-line bikes are tuned to perfection and fit specifically to you. Our performance bikes from premier manufacturers feature light frames, smooth-rolling tires, comfortable seats, and wide gear ranges for the best ride possible. Please see our website for the exact bike models offered on tour. Additionally, e-bikes are available on most DuVine tours. Electric assist provides an extra boost to your own pedal power, so you can ride longer distances, tackle tougher climbs, and maintain a faster pace. Electric assist is available on a first-come, first-served basis. Contact your Tour Coordinator if you are interested.

### Electrical Overseas

If you're traveling abroad, you will most likely need an [adapter](#), which allows your device's plug to fit into foreign outlets. North American devices run on 110/125V electricity while the majority of the world runs on 220/240V. Converters and transformers change the voltage of electricity to match your device.

### Training

First and foremost, get out on your bike and start logging some miles. Nothing compares to the real thing, but if you can't cycle outside, consider spin classes. Experience with the elements of wind, actual hills, terrain, etc will help with your comfort level (balance, unexpected conditions, etc.) on tour. Always remember, training is a gradual process—don't try to overdo it or push yourself when you aren't ready. However, the most important part of training is to enjoy your ride! [Download a training guide](#) based on your Tour Level.

### Travel Sustainably

We believe bike travel should leave little behind. DuVine takes small measures to be greener—like eliminating single-use plastic water bottles, replacing paper maps with GPS, returning your pedals in cloth bags, and offering snacks in reusable containers rather than disposable plastic.

## Do I need to bring special gear?

- Cycling shorts are designed to provide extra padding when spending the whole day in the saddle. Don't forget the chamois cream!
- If you bring your own cycling shoes, you must bring your own pedals. If you've never used clip-in pedals before, we don't recommend using them on tour.
- Arm and leg warmers are essential for cooler weather. Wear them with your short-sleeve jersey and shorts for lightweight, easy-to-pack, and effective warmth.
- Bike gloves are a preference, but are recommended for Level 3 and 4 tours. The padding in gloves can ease arm, shoulder, and joint fatigue.

## Dressing for the Weather

- The location and time of year of your tour can bring all kinds of weather, from extreme heat to relentless rain. Check extended forecasts before your trip and pack accordingly.

## Before You Go

- Ensure your passport is valid for 3-6 months after return date.
- Call your bank/credit cards to notify them of upcoming travel.
- Please limit your luggage to one medium-sized suitcase and one carry-on.

## BIKE SAFETY

We strongly suggest that you read these simple safety instructions. They will help you bike safely before and during your tour!

- Wear a helmet—this is mandatory on tour!
- Familiarize yourself with traffic laws and obey them. Bikes do not have the right of way, but most drivers are respectful to cyclists on the road. Always ride in the direction of traffic.
- Be aware of your surroundings at all times. Knowing what is in front of and behind you may help prevent an accident.
- Alert other riders around you by announcing the presence of traffic ("car up") or pot holes ("pot hole").
- Learn the hand signals to indicate when you are stopping or turning.
- Operate your bike consistently and predictably—avoiding erratic movements.
- Keep at least one hand on the handlebars at all times.
- Primarily use your rear brake.
- Always be aware of weather and road conditions and how they may affect your ability to brake.
- Never wear headphones or use speakers during rides.
- Always listen to additional instructions from your guides on tour.

If you have chosen an e-bike, be aware that it is slightly heavier, faster, and more powerful than a non-electric bike. Therefore, you should anticipate a different reaction when riding downhill, breaking, or dismounting from an e-bike. Your guides can offer further instruction during your bike fitting and safety review.
