DAY
1

Into the Vines

Your DuVine guides will greet you at one of our recommended hotels in downtown Bilbao, then we're off to our iconic hotel designed by Frank O. Gehry: the glittering, ribbon-like roof appears right from the middle of the vineyards as we approach. After a safety review and bike fitting, head out on our first ride through the Tempranillo vineyards, then return to Hotel Marqués de Riscal for a relaxed lunch amidst the gardens of their terrace restaurant. Spend the rest of the afternoon by the pool or head to the hotel's Caudalie vinotherapy spa for one of their wine-infused treatments. This evening, we raise a glass to the week ahead and share an unforgettable Riojana meal at Marqués de Riscal.

Meals: Lunch / Dinner

Destinations: Bilbao, Elciego, Samaniego

Accomplished: 16 miles / 25 km, elevation gain: 1,180 feet / 360 meters

Accommodations: [Marqués de Riscal](#)

DAY
2

The City of Cellars

Today, take your pick between an easygoing or a more challenging route. We'll climb out of Elciego along a ridge high above the vineyards, then meet the Ebro River after descending into the town of Lapuebla de Labarca. Our destination is the medieval town of Laguardia, which sits upon a warren of 300 cellars carved from rock during the Middle Ages. These cellars (called *calados*) aren't just subterranean wineries—they were once hideaways to protect townspeople in times of turmoil. They're also a striking contrast to the ultra-modern wineries that have cropped up since Spain joined the European Union in the mid-1980s. Enjoy a traditional tapas lunch of cheese, charcuterie, olives, and croquettes at our favorite local restaurant, then opt to tack on some extra miles or hop in the van for a lift back to the hotel. Tonight, we transfer to downtown Haro, the spiritual capital of the Rioja wine region. There, our friend Jaime opens the doors to his family-run restaurant, which has been serving its famous wood-oven roasted lamb since 1870.

Meals: Breakfast / Lunch / Dinner

Destinations: Lapuebla de Labarca, Laguardia, Elciego

Accomplished: 23 miles / 37 km, elevation gain: 1,804 feet / 550 meters

Longer Option: 27 miles / 44 km, elevation gain: 2,385 feet / 727 meters

Accommodations: [Marqués de Riscal](#)

DAY
3

The Dynasties of Rioja

Begin the day with a bang on a spectacular climb towards the Sierra de Cantabria mountains. As we gain elevation the valley below seems to expand endlessly, filled with vineyards as far as the eye can see. Break for a well-deserved lunch at our friend Don Raphael's wine bar then hop in the van and head back to Hotel Marqués de Riscal or keep riding to rack up some extra miles. Tonight's destination is a prestigious, family-owned winery, where we'll explore the caves and taste wines that have been crafted on the estate for five generations. The visit ends with a beautiful wine-paired dinner in the vineyard.

Meals: Breakfast / Lunch / Dinner

Destinations: San Vicente de la Sonsierra, Briones, Elciego

Accomplished: 23 miles / 37 km, elevation gain: 2,130 feet / 650 meters

Longer Option: 36 miles / 59 km, elevation gain: 3,200 feet / 980 meters

Accommodations: [Marqués de Riscal](#)

DAY
4

Origins of the Spanish Language

Today we cruise south to the 11th-century UNESCO World Heritage Monastery of Yuso, considered the birthplace of the Spanish language. We'll pass pilgrims from around the globe and stop to chat as they hike this section of the 500-mile Camino de Santiago. Today's lunch is a beautiful array of local cuisine served in the renovated part of the monastery, bridging the gap of time through food. Choose to bike back to the hotel or transfer by van for some downtime (and perhaps a Spanish siesta). Tonight, transfer to Laguardia for dinner on your own—your guides can suggest their favorite tapas bars or assist with restaurant reservations. On *egin!*

Meals: Breakfast / Lunch

Destinations: San Millan de la Cogolla

Accomplished: 22 miles / 35km, elevation gain: 1,574 feet / 480 meters

Longer Option: 44 miles / 71 km, elevation gain: 3,100 feet / 944 meters

Accommodations: [Marqués de Riscal](#)

DAY
5

The Path of Saints

The last leg of our pilgrimage takes us along vineyard roads and past medieval villages into the Sierra de la Demanda mountains. Along the way, pause for photos at a 2,000-year-old Roman bridge then continue cycling to the village of Santo Domingo de la Calzada, where your guides relate the story of Saint Dominic and the miracle of the rooster at a popular pilgrim's café. Lunch in Ezcaray follows, and there's time to visit a luxury scarf and blanket weaver in town to stock up on a few souvenirs before we head to our final luxury hotel. Tonight, we'll gather for a celebratory *aperitivo* before dinner at our hotel's two Michelin star restaurant, El Portal de Echaurren. The meal, prepared by our friend Francis Paniego—one of Spain's most influential chefs—promises to be a culinary showstopper and is the perfect way to cap off an incredible week.

Meals: Breakfast / Lunch / Dinner

Destinations: Briones, Santo Domingo de La Calzada, Ezcaray

Accomplished: 32 miles / 52 km, elevation gain: 2,329 feet / 710 meters

Longer Option: 42 miles / 67 km, elevation gain: 3,030 feet / 925 meters

Accommodations: [Hotel Echaurren](#)

DAY
6

Adiós Rioja

Bid *adiós* to La Rioja, its wines, medieval architecture, sumptuous gastronomy, and stunning landscapes. After breakfast, we transfer back to Bilbao where your guides will take you to your post-trip hotel or the Bilbao airport.

Preparing for Your Tour

Travel Services

DuVine can assist with extended reservations at the first and final hotels on your scheduled itinerary, or with private transfers to and from your bike tour. DuVine's travel advisor partners are happy to assist with flight reservations. If you are not already working with an agent, please request a referral from your **Tour Coordinator**.

Travel Protection

DuVine offers a **Travel Protection Plan** to help protect your travel investment, your belongings, and most importantly, you. The offered Travel Protection Plan is non-refundable, but it is strongly recommended in the unfortunate event that you have to cancel or leave your trip.

NOTE: Plan benefits, limits, and provisions may vary by state or jurisdiction. In order to receive full benefits, Travel Protection must be purchased within 21 days of initial tour deposit. This plan is available to citizens of the U.S. and Canada only.

Gratuity

Gratuities are much appreciated to thank DuVine guides for exceptional service, support, and expertise. The industry standard is for each guest to tip 10-15% (U.S. tours and Cycle + Sail tours) or 7.5-10% (all other tours) of their trip price. The recommended per-traveler amount is an appropriate gratuity for your guide team as a whole. (It is not necessary to tip this amount *per* guide.) Tips are customary at the end of your tour, and local currency is always preferred. We recommend bringing extra cash or visiting the ATM at the beginning of your trip.

YOUR TOUR DETAILS

Bikes

DuVine's top-of-the-line bikes are tuned to perfection and fit specifically to you. Our performance bikes from premier manufacturers feature light frames, smooth-rolling tires, comfortable seats, and wide gear ranges for the best ride possible. Please [see our website](#) for the exact bike models offered on tour. E-bikes are available in most destinations on a first-come, first-served basis. Electric assist provides an extra boost to your own pedal power, so you can ride longer distances, tackle tougher climbs, and maintain a faster pace. Contact your Tour Coordinator if you are interested.

Electrical Overseas

If you're traveling abroad, you will most likely need an [adapter](#), which allows your device's plug to fit into foreign outlets. North American devices run on 110/125V electricity while the majority of the world runs on 220/240V. Converters and transformers change the voltage of electricity to match your device.

Training

First and foremost, get out on your bike and start logging some miles. Experience with the elements and terrain will help with your comfort level (balance, unexpected conditions, etc.) on tour. Nothing compares to the real thing, but if you can't cycle outside, consider spin classes. Always remember, training is a gradual process—don't try to overdo it or push yourself when you aren't ready. However, the most important part of training is to enjoy your ride! [Download a training guide](#) based on your Tour Level.

Travel Sustainably

DuVine is committed to sustainable travel and has been a 100% carbon neutral company since 2022. While cycling is an inherently eco-conscious mode of travel, we continuously seek ways to lessen our footprint, whether it be biodegradable water bottles or compostable gear mailers. What We Provide

- Bike saddle
- GPS (where available)
- Flat pedals
- DuVine t-shirt and jersey
- Helmet
- Water bottle
- Snacks/nutrition
- Drawstring bag

Order DuVine Gear

Want DuVine bike shorts to match your complimentary jersey? To order, contact tourcoordinators@duvine.com. Gear is shipped free of charge to DuVine guests in the U.S. and Canada. For expedited shipping and guests outside of the U.S. and Canada, additional shipping fees will apply.

Do I need to bring special gear?

- Cycling shorts are designed to provide extra padding when spending the whole day in the saddle. Don't forget the chamois cream!
- If you bring your own cycling shoes, you must bring your own pedals. If you've never used clip-in pedals before, we don't recommend using them on tour.
- Arm and leg warmers are essential for cooler weather. Wear them with your short-sleeve jersey and shorts for lightweight, easy-to-pack, and effective warmth.
- Bike gloves are a preference, but are recommended for Level 3 and 4 tours. The padding in gloves can ease arm, shoulder, and joint fatigue.

Dressing for the Weather

- The location and time of year of your tour can bring all kinds of weather, from extreme heat to relentless rain. Check extended forecasts before your trip and pack accordingly.

Before You Go

- Ensure your passport is valid for 3-6 months after return date.
- Call your bank/credit cards to notify them of upcoming travel.
- Please limit your luggage to one medium-sized suitcase and one carry-on.

BIKE SAFETY

We strongly suggest you read these simple safety instructions and watch our [brief safety video](#). They will help you bike safely before and during your tour!

- Wear a helmet—this is mandatory on tour!
- Familiarize yourself with traffic laws and obey them. Bikes do not have the right of way, but most drivers are respectful to cyclists on the road. Always ride in the direction of traffic.
- Be aware of your surroundings at all times. Knowing what is in front of and behind you may help prevent an accident.
- Alert other riders around you by announcing the presence of traffic (“car up”) or pot holes (“pot hole”).
- When riding as a group, maintain distance between yourself and other cyclists
- Learn the hand signals to indicate when you are stopping or turning.
- Operate your bike consistently and predictably—avoiding erratic movements.
- Keep at least one hand on the handlebars at all times.
- Primarily use your rear brake.
- Always be aware of weather and road conditions and how they may affect your ability to brake.
- Never wear headphones or use speakers during rides.
- Always listen to additional instructions from your guides on tour.

If you have chosen an e-bike, be aware that it is slightly heavier, faster, and more powerful than a non-electric bike. Therefore, you should anticipate a different reaction when riding downhill, braking, or dismounting from an e-bike. Your guides can offer further instruction during your bike fitting and safety review.
