TOUR ITINERARY

Tour By Day

DAY
1

Welcome to Sicily

Your guides will pick you up in Siracusa, and then we're off to explore the Sicilian countryside. Start your ride from a seaside castle on the far southeast corner of the island and warmup along the coastal road on our way to lunch in the postcard-perfect fishing village of Marzamemi. Enjoy fresh seafood pasta at a local *trattoria* as you bask in the Sicilian sun. Then continue the ride through the booming Nero d'Avola wine region to our chic first hotel. Relax and take advantage of the pool and spa before dinner tonight on the terrace.

Meals: Lunch / Dinner

Destinations: Portopalo, Marzamemi

Accomplished: 23 miles / 37 km, elevation gain: 1,309 feet / 399 meters

Accommodations: [Villadorata](#)

DAY
2

Noto Loop

Ride today into the verdant Val di Noto. Almonds and olives grow next to prehistoric caves as we climb past Castelluccio and up to the coastal plateau. Take in incredible views of the Mediterranean as we descend into the Baroque city of Noto for lunch at our friend's restaurant. Soak up the architectural perfection of the main piazza (built in the aftermath of the 1693 earthquake) and wash it all down with the best local granita. Then opt to bike or transfer back to the hotel before another perfect Sicilian evening featuring a private dinner at a picturesque winery.

Meals: Breakfast / Lunch / Dinner

Destinations: Castelluccio, Testa dell'Acqua, Noto

Accomplished: 29 miles / 46 km, elevation gain: 2,427 feet / 740 meters

Longer Option: 40 miles / 65 km, elevation gain: 3,211 feet / 979 meters

Accommodations: [Villadorata](#)

DAY
3

The Journey North

Set out on a scenic journey across the open pastures of the Val di Noto, through Giarratana—known for its heirloom sweet onions—and into Monterosso. Stop for a Sicilian pastry and coffee among the locals just before a climb up to Vizzini, birthplace of Sicily's greatest realist writer, Giovanni Verga. Here we're welcomed onto a family-run farm for a home-cooked meal with our friend Giuseppe. Lunch is long on true Sicilian hospitality, and we'll take our warm and fuzzy feelings with us across the plains of Catania where our next luxury hotel is located on the slopes of Mount Etna. This evening is an introduction to the elegant vintages of this unique winegrowing region during our paired tasting dinner.

Meals: Breakfast / Lunch / Dinner

Destinations: Giarratana, Monterosso Almo, Vizzini

Accomplished: 34 miles / 54 km, elevation gain: 3,660 feet / 1,116 meters

Accommodations: [Monaci delle Terre Nere](#)

DAY
4

Etna to the Sea

Today we see an entirely new side of Sicily as we pedal through a region defined by Etna. With grapes growing out of black volcanic soil next to farmhouses built from basalt rock, it's hard to believe this is the same island we've been cycling all week. Medieval Norman castles peer down on us from the heights of Castiglione as we wind our way down to the coast. Meet our private boat here for lunch onboard and an afternoon cruise below Taormina before heading into town to check into our five-star hotel. The rest of the day is yours to spend as you wish: wind down with a swim in the hotel pool, watch the sunset over Etna, admire the craftsmanship of the Greek amphitheater, or plunge headfirst into the city's bustling restaurant scene.

Meals: Breakfast / Lunch

Destinations: Linguaglossa, Francavilla, Taormina

Accomplished: 27 miles / 44 km, elevation gain: 3,053 feet / 931 meters

Longer option: 45 miles / 72 km, elevation gain: 3,477 feet / 1,060 meters

Accommodations: [Villa Fiorita](#)

DAY
5

The Godfather Ride

Right out of Taormina we're met with a scenic descent to the coast. Warm up on a road beside the Mediterranean, then turn inland to tackle a series of challenging climbs that wind deep into the coastal mountain range. If you find the string of improbably-perched mountain villages captivating, you're not alone—Francis Ford Coppola chose this area to film some of the most iconic scenes from *The Godfather*. The coastal vistas and ancient landscape of Savoca are indeed cinematic as we approach the town from above. Here, in his tiny *ristorante*, a passionate emerging chef will wow us with lunch. Choose to complete the loop ride this afternoon, or transfer directly back to Taormina. We'll regroup for tonight's farewell dinner and raise a glass to our week on this island unlike any other.

Meals: Breakfast / Lunch / Dinner

Destinations: Letojanni, Roccafiorita, Savoca

Accomplished: 22 miles / 35 km, elevation gain: 3,585 feet / 1,093 meters

Longer Option: 38 miles / 61 km, elevation gain: 4,719 feet / 1,439 meters

Accommodations: [Villa Fiorita](#)

DAY
6

Ciao, Sicily

Bid farewell to Taormina with a last leisurely breakfast or a final stroll around town. Your guides will transfer you to the Catania airport and see you off for your journey home.

Meals: Breakfast

Preparing for Your Tour

Travel Services

DuVine can assist with extended reservations at the first and final hotels on your scheduled itinerary, or with private transfers to and from your bike tour. DuVine's travel advisor partners are happy to assist with flight reservations. If you are not already working with an agent, please request a referral from your **Tour Coordinator**.

Travel Protection

DuVine offers a **Travel Protection Plan** to help protect your travel investment, your belongings, and most importantly, you. The offered Travel Protection Plan is non-refundable, but it is strongly recommended in the unfortunate event that you have to cancel or leave your trip.

NOTE: Plan benefits, limits, and provisions may vary by state or jurisdiction. In order to receive full benefits, Travel Protection must be purchased within 21 days of initial tour deposit. This plan is available to citizens of the U.S. and Canada only.

Gratuities

Gratuities are much appreciated to thank DuVine guides for exceptional service, support, and expertise. The industry standard is for each guest to tip 10-15% (U.S. tours and Cycle + Sail tours) or 7.5-10% (all other tours) of their trip price. The recommended per-traveler amount is an appropriate gratuity for your guide team as a whole. (It is not necessary to tip this amount *per* guide.) Tips are customary at the end of your tour, and local currency is always preferred. We recommend bringing extra cash or visiting the ATM at the beginning of your trip.

YOUR TOUR DETAILS

Bikes

DuVine's top-of-the-line bikes are tuned to perfection and fit specifically to you. Our performance bikes from premier manufacturers feature light frames, smooth-rolling tires, comfortable seats, and wide gear ranges for the best ride possible. Please [see our website](#) for the exact bike models offered on tour. E-bikes are available in most destinations on a first-come, first-served basis. Electric assist provides an extra boost to your own pedal power, so you can ride longer distances, tackle tougher climbs, and maintain a faster pace. Contact your Tour Coordinator if you are interested.

Electrical Overseas

If you're traveling abroad, you will most likely need an [adapter](#), which allows your device's plug to fit into foreign outlets. North American devices run on 110/125V electricity while the majority of the world runs on 220/240V. Converters and transformers change the voltage of electricity to match your device.

Training

First and foremost, get out on your bike and start logging some miles. Experience with the elements and terrain will help with your comfort level (balance, unexpected conditions, etc.) on tour. Nothing compares to the real thing, but if you can't cycle outside, consider spin classes. Always remember, training is a gradual process—don't try to overdo it or push yourself when you aren't ready. However, the most important part of training is to enjoy your ride! [Download a training guide](#) based on your Tour Level.

Travel Sustainably

DuVine is committed to sustainable travel and has been a 100% carbon neutral company since 2022. While cycling is an inherently eco-conscious mode of travel, we continuously seek ways to lessen our footprint, whether it be biodegradable water bottles or compostable gear mailers. [Read more](#) about sustainability at DuVine.

What We Provide

- Bike saddle
- GPS (where available)
- Flat pedals
- DuVine t-shirt and jersey
- Helmet
- Water bottle
- Snacks/nutrition
- Drawstring bag

Order DuVine Gear

Want DuVine bike shorts to match your complimentary jersey? To order, contact tourcoordinators@duvine.com. Gear is shipped free of charge to DuVine guests in the U.S. and Canada. For expedited shipping and guests outside of the U.S. and Canada, additional shipping fees will apply.

Do I need to bring special gear?

- Cycling shorts are designed to provide extra padding when spending the whole day in the saddle. Don't forget the chamois cream!
- If you bring your own cycling shoes, you must bring your own pedals. If you've never used clip-in pedals before, we don't recommend using them on tour.
- Arm and leg warmers are essential for cooler weather. Wear them with your short-sleeve jersey and shorts for lightweight, easy-to-pack, and effective warmth.
- Bike gloves are a preference, but are recommended for Level 3 and 4 tours. The padding in gloves can ease arm, shoulder, and joint fatigue.

Dressing for the Weather

- The location and time of year of your tour can bring all kinds of weather, from extreme heat to relentless rain. Check extended forecasts before your trip and pack accordingly.

Before You Go

- Ensure your passport is valid for 3-6 months after return date.
- Call your bank/credit cards to notify them of upcoming travel.
- Please limit your luggage to one medium-sized suitcase and one carry-on.

BIKE SAFETY

We strongly suggest you read these simple safety instructions and watch our [brief safety video](#). They will help you bike safely before and during your tour!

- Wear a helmet—this is mandatory on tour!
- Familiarize yourself with traffic laws and obey them. Bikes do not have the right of way, but most drivers are respectful to cyclists on the road. Always ride in the direction of traffic.
- Be aware of your surroundings at all times. Knowing what is in front of and behind you may help prevent an accident.
- Alert other riders around you by announcing the presence of traffic ("car up") or pot holes ("pot hole").
- When riding as a group, maintain distance between yourself and other cyclists
- Learn the hand signals to indicate when you are stopping or turning.
- Operate your bike consistently and predictably—avoiding erratic movements.
- Keep at least one hand on the handlebars at all times.
- Primarily use your rear brake.
- Always be aware of weather and road conditions and how they may affect your ability to brake.
- Never wear headphones or use speakers during rides.
- Always listen to additional instructions from your guides on tour.

If you have chosen an e-bike, be aware that it is slightly heavier, faster, and more powerful than a non-electric bike. Therefore, you should anticipate a different reaction when riding downhill, braking, or dismounting from an e-bike. Your guides can offer further instruction during your bike fitting and safety review.
